WORK EXPERIENCE

Oct 2017 - Jun 2021 **Baadraan Gostaran Network** Iran, Tehran
PHP Developer and Team manager

i worked as a PHP programmer after that as a Team manager.

we had a 12 person in programming Team.

this company had about 600,000 users and about 50,000 active users.
active users means they must be buy products every month.

we had a big database in this company.

we use PHP Pure and MySQL Database.

Jun 2015 - Dec 2017 **NEMOVE** Iran, Tehran
Team manager and php programmer

i was working as senior PHP programmer. we run a lot project like
Tehranlux.com,Selfireport.com,Mehrafarinorg.com and many other project
with PHP, Codeigniter,JavaScript,Jquery,MySQL.

Mar 2013 - Jun 2015 **tar nama sazan maher** Iran, Tehran
Programmer

Feb 2011 - Dec 2012 **BinaCity.com** Iran, Tehran
Frontend Web Developer

we worked on Moodle LMS and design,create and run project for our
customer.

COMMENTS

I'm a Back-end Web developer I have a lot of experience implementing different websites Also in the implementation of web services structure. By doing personal projects as well as projects under the companies I've worked with, I have had a good experience of back-end programming with PHP (Server language) and MySQL (Database) AND JAVASCRIPT (Client Language) structure. today i enjoy to learn more about Blockchain, solidity language and Machine learning.
