## PROFILE

I am an experienced mobile application developer skilled in creating high-quality apps for both Play Store and iOS. With a diverse client portfolio and expertise in Flutter, I deliver efficient, high-performing apps while managing projects with precision and on-time delivery. I am dedicated to providing top-notch services at an economical price and am eager to contribute to your next project.

## WORK EXPERIENCE

### MA Hospitality Group

2/2024 - PRESENT

#### Project Development Manager

I develop and execute project plans, leading cross-functional teams to achieve goals while managing budgets, resources, and risks. I ensure high-quality deliverables and optimize outcomes using Agile and Scrum methodologies.

### ElphaTap

4/2023 - 1/2024

#### Project Development Manager

I create and implement project plans, leading cross-functional teams to achieve goals while managing budgets, resources, and risks. I ensure high-quality deliverables and effective stakeholder communication using Agile and Scrum methodologies.

### Appxcreation

3/2023 - 1/2022

#### Mobile Application Developer in Flutter

At Appxcreation, I design and develop mobile applications using Flutter, working with cross-functional teams to deliver user-friendly, high-performance apps. I optimize app functionality, stay current with industry trends, and collaborate with QA to ensure high-quality, thoroughly tested end products.

### Zhongyuan Network\_Fuqing China

2/2022 - 9/2020

#### Mobile Application Developer

At Zhongyuan Network\_Fuqing, I design and develop high-quality mobile applications using IOS, collaborating with teams to meet client needs and optimize performance. I ensure seamless functionality, integrate the latest trends, and work with QA to deliver top-notch, thoroughly tested end products.

### Tespack Ltd

8/2020 - 11/2019

#### Mobile Application Developer In IOS

At Tespack Ltd, I design and develop high-quality iOS applications, collaborating with teams to meet client requirements and optimize performance. I ensure seamless functionality, integrate the latest trends, and work with QA to deliver top-notch, thoroughly tested end products.

### TechLeadz

2/2017 - 9/2019

#### Mobile Application Developer

At TechLeadz, I design and develop high-quality Android and iOS applications, working with teams to fulfill client requirements and optimize performance. I ensure seamless functionality across platforms, incorporate the latest trends, and collaborate with QA to deliver top-notch, thoroughly tested end products.
