Amourmaan@gmail.com

I am a designer with a Bachelor's degree in Graphic Design, specializing in UX/UI design for web and mobile platforms, as well as 2D and 3D illustration and animation. With a strong background in creating intuitive and visually appealing user experiences, I bring a blend of creativity and technical expertise to every project. In addition to my design skills, I have experience in developing NFT collections and am always open to collaborating on innovative and challenging projects. I am eager to contribute to a team that values both creativity and functionality.
