# Hugo Lucas

## A P2E & Metaverse Expert

A P2E & Metaverse developer with a strong background in Unity, C#, React, TypeScript, and Web3. With 7 years of experience in a broad range of software development projects, keeping a strong focus on productivity and quality. Looking at software development as a craft, and constantly works on improving my own skills and knowledge. Specialized in high-volume and scalable software utilizing a wide range of tools and eager to absorb new technology challenges.
