Hi! My name is Varvara, I'm UX/UI and Mobile App Designer

I have at 17 years of experience in Web Design and Project Management. I've worked on the client-side Web and Mobile Design projects since 2005! My rich experience in digital helps me challenge a project from different points of view. And I enjoy guiding ambitious projects from the prototype phase to a market-ready solution.

I'm looking forward to work (full-time or part-time) on:

- ◆ UX/UI Design
- ◆ Mobile App Design
- ◆ Product Design
- ◆ Creating MVPs & Testing Products
- ◆ Landing Page Design & Optimization
- ◆ Web Design and Development
- ◆ Prototypes & Wireframes

My main tools are Figma & Photoshop.

Let me tell you about my background.

- ✓ 17 years of experience in Web Design and Project Management
- ✓ successfully worked on the client side Web and Mobile Design projects
- ✓ experience in digital product development as front-end and back-end, project manager and web designer
- ✓ experience in large agencies, small businesses, as well as on the client side
- ✓ good communication skills, stress resistance, team worker

I am a market-oriented UX/UI designer. I invest time and energy to explore your niche, competitors, and your vision to provide a top-shelf product.

My rich experience on the digital markets helps me to challenge a project from different points of view. I enjoy guiding ambitious projects from the prototype phase to a market-ready solution.

I have already taken part in more than 50 successful projects started with designing interactive prototypes in Axure or Figma.

I know how to mindfully balance Design, Web/App development, the best SEO practices and overall project management. At the moment my passion is in responsive Web/App prototyping, design, and development projects.

I have attached my resume for you to learn more about my skills, education, and work experience. Thank you for your consideration. I look forward to hearing from you.

Sincerely, Varvara
