

# Rafael Saes dos Santos

Front-End Developer

## About me

Front-end developer from Brazil with years of experience working remotely for USA based companies, building and maintaining responsive, user-friendly websites and web applications for large user bases. Experienced on working with both traditional as well as modern web development frameworks and libraries. Skilled with version control systems and experienced on working in Agile development environments. A dedicated professional who is passionate about staying up to date with the latest web development trends and technologies. I leave my GitHub page as a demonstration of my skills as I am also active in open-source communities and working on my own side-projects.

Born on December 1st, 2000. Age 22

## Languages

**Portuguese:** Native Language

**English:** Fluent Knowledge

**Spanish:** Medium Knowledge

## Soft Skills and Strengths

Creativity Curiosity Flexibility

Self Confidence

Ability to Plan and Organize Autonomy

Adaptability Eye for Details

Problem Solving Team Working

Love Learning New Things Leadership

Good Communication Good Listener

Patience

## Other Interests

Linux Open Source Crypto Web3

Bitcoin Nostr Monero Vim

Exercise Running

## WORK EXPERIENCE

2022-  
Current

**Front-End Developer**  
*Odysee Inc.*

Remote

Worked on a range of tasks including feature development, bug fixes, and code improvements. Collaborated closely with a small team of developers, ensuring always easy code documentation and effective task assignment. Leveraged strong communication and teamwork skills to consistently deliver high-quality work and meet project deadlines. Continuously sought to improve my skills and stay up-to-date with best coding practices. Consistently praised by a community of users for listening to feedback and being on par or above with the competitors in the field.

skills used:

Agile Web Development Babel.js Webpack ESLint SASS SCSS PostCSS Redux.js Material-UI Stripe JavaScript HTML CSS APIs Blockchain Git Github React.js Flow Types Websockets

2021-2022

**Intern Front-End Developer**  
*LBRY Inc.*

Remote

Having started contributing to the company's open source codebase and collaborating with a team of experienced developers, gained a role as an intern which allowed to gain valuable hands-on experience as a front-end developer and the opportunity to apply my skills in a real-life setting. Through this internship, gained a deeper understanding of the front-end development process and a glimpse into the day-to-day responsibilities of a front-end developer career.

## EDUCATION

2019-2021

**Computer Science**  
*Centro Universitário FEI*

São Bernardo do Campo, Brazil

Gained a strong foundation in core concepts such as algorithms, data structures, and programming languages. While this course provided a valuable introduction to the field, it did not provide enough depth for professional experience.

skills used:

MongoDB C JavaScript HTML CSS Python
