

Yuriy (Fijimlk)

Ambassador

I was taken over by the blockchain industry in 2019, since then I have been an ambassador for many projects and have professional experience in various ambassador programs. I also have a wealth of knowledge in promoting your project.

Experience in crypto projects ↓

I've been familiar with cryptocurrency for more than two years, originally I positioned myself as a trader, later I discovered the other side of the crypto market, started to find opportunities to become part of big projects, since then I gained a lot of experience and a lot of knowledge. Now I am an ambassador and node operator for quite big projects.
