## SUMMARY

Let me introduce myself in seven words.  
I am Richard Kei. Please call me Richard.

I am a senior developer have 5+ years of experience in Blockchain based on Ethereum, BSC, Solana, Polygon, Fantom, Avalanche, Near, Flow, etc with modern, trend technology such as React, Next, TypeScript, and Node.js.

I would love to work with you for long term. I will show you my ability.  
Hopefully, my previous works will help you in some way to get to know me.  
I can start immediately now.

Looking forward to your positive results, I wish you all the best in your business and life.
