PROFILE

Shemiranat County, Tehran Province, Iran

aradradfar@outlook.com +98 911 466 9626

[linkedin.com/in/aradradfar](https://www.linkedin.com/in/aradradfar)

I am currently pursuing a bachelors of science degree in computer science to help me better understand data and mathematics.

EXPERIENCE

APPLICATION DEVELOPER, CREATE PROTOCOL, UAE-2022-PRESENT•REMOTE

APPLICATION DEVELOPER, KILIARO AB-MAR 2022 - JUL2022•CONTRACT

At Kiliaro, AB, a Swedish company that operates in the social networking sector, I was lucky to work in a fast paced environment with 12 other developers while benefiting from agile methodologies to deliver new features and designs on a weekly basis.

ENGLISH INSTRUCTOR-JUL 2021-SEP 2021•SEASONAL

In the Summertime, when I wasn't enrolled in too many courses at the university, I was offered to help this language institute. I taught a class of six people at advanced level for one semester.

Things that I have learned are included to:

- Build a good rapport
 - CRM
 - Time-management

APPLICATION DEVELOPER, MAZDAX DIGITAL ASSETS EXCHANGE, TEHRAN, IRAN -

APR 2021-JUN 2021 • INTERNSHIP

This is where my professional journey begins. With an internship that was offered to me by kind and professional people, I began learning the technical and soft skills that are necessary for building an iOS application for financial sectors at industry level.
