EXPERIENCE

JUNIOR UX DESIGNER
Cyber Advance Solutions

During my time at Cyber Advance Solutions, I have gained proficiency in new design techniques and effectively managed projects within deadlines. My ability to deliver projects with a blend of creativity and productivity has been commendable. I have also gained experience in utilizing various plugins and integrating design techniques. I am committed to ongoing learning, consistently seeking to enhance my skills in the field.

GRAPHIC DESIGNER INTERN
Bitsclan IT Solutions

I was responsible for branding projects, mocking up web applications, and lots of quiet conceptual ideas. I developed advanced designing skills by working on Adobe illustrator and Photoshop and enhanced my skills.
