Location: Multan

Passionate and dedicated Front-End Developer with expertise in HTML, CSS, Bootstrap, JavaScript, and React. Currently pursuing a degree in Artificial Intelligence, seeking internship opportunities to apply my skills in web development. Highly motivated to work on real-world projects and collaborate in a dynamic team environment.

Skills

- **Front-End Development:** HTML5, CSS3, Bootstrap, JavaScript, React
- **Web Design:** Responsive Design, Mobile-Friendly Layouts
- **Version Control:** Git, GitHub
- **AI Knowledge:** Python, Numpy, Pandas, C++.
- **MS Office:** Proficient in Microsoft Word, Excel, PowerPoint.
- **Data Entry:** Accurate and efficient data entry capabilities.
- **Typing Skills:** Typing speed of 50+ words per minute with high accuracy.
- **Computer Skills:** Strong typing skills, file management, internet research, and basic troubleshooting.
- **Other Skills:** Problem-solving, Communication, Teamwork

Work History

Front-End Developer

Coding Fast, Bahawalpur, Pakistan

[January 2024 – Present]

- Developed and maintained responsive, user-friendly websites using HTML, CSS, and JavaScript.
- Collaborated with the design team to implement modern user interfaces for web applications.
- Assisted in optimizing website performance by cleaning up code and improving loading speeds.

- Integrated APIs to fetch dynamic content, improving user interactivity.
- Conducted debugging and troubleshooting to enhance website functionality.

Projects

Website Development – Front-End Developer

Coding Fast, Bahawalpur, Pakistan

- Designed and developed a fully responsive website using HTML, CSS, Bootstrap, and JavaScript.
- Ensured cross-browser compatibility and optimized website performance for fast loading speeds.
- Implemented an interactive user interface, enhancing user experience and engagement.
- Utilized JavaScript libraries to add animations and improve website aesthetics.
- Integrated third-party APIs for fetching real-time data.

Ludo Game (Console-Based) – Python Developer

University Class Project

- Developed a Ludo game using Python without GUI as part of a university project.
- Implemented game logic, turn-based system, and dice rolling functionality.
- Used object-oriented programming principles to structure the game efficiently.
- Ensured smooth gameplay experience with accurate rule implementation.
- Demonstrated problem-solving skills by debugging and refining game mechanics.

Education

Bachelor of Science in Artificial Intelligence

[The Islamia University of Bahawalpur.], Bahawalpur

Expected Graduation: [*March 2027*]

Languages

- **English:** Fluent
- **Urdu:** Native
- **Punjabi:** Fluent
