

Karl Chong

Blockchain Developer

About Me

I am an experienced developer with over 7 years of experience in blockchain development. I prefer to code from scratch and create completely custom website. What I'm really good at is developing DeFi, Dao and NFT market places quickly with perfect quality according to client requirements!

Expertise Skill

- Web3.js, Ether.js, Solana-Web3

Education

- 2015-2018
Singapore University of
Technology and Design(SUTD)

Work Experience

- Back End Developer
Overflow Company | 06/2021 - 06/2020
 - Built the web development service connected to Jira, Slack, Figma and etc using ruby on rails and nuxt.js on docker environment.
 - Built a job site where you can find the full time or part time job for software developers - offers.jp
- Blockchain Developer
Crystl Finance | 10/2019 - 06/2021
 - Built the first and largest NFT Marketplace of digital art on Polygon net. Used ERC-721, ERC-1155 both for NFT.
 - Built a token bridge between Polygon and Ethereum to allow users to migrate their NFTs from ETH and MATIC to our platform.
 - Implemented NFT splits so that users can jointly acquire NFTs and decide together further steps such as sales, auctions and airdrops.
- Blockchain Developer
Crystl Finance | 8/2018 - 08/2019
 - Token development based on Ethereum and Binance (ERC20, ERC721, ERC 1155, BEP20, BEP721, BEP1155).
 - ICO & IDO Development with Created Token(Coin).
 - Deployed governance tokens on Ethereum and Matic.
 - DeFi and Dao platform development
 - Smart Contracts Audits
