Work Experience

July 2021 - March 2022

Bazooka Tango - Egypt, Cairo

Software Engineer

Worked with software development and testing team members to design and develop robust solutions to meet client requirements for functionality, scalability and performance.

Reviewed project specifications and designed technology solutions that met or exceeded performance expectations.

Coordinated efficient large-scale software deployments.

Provided direction and guidance to process improvements and established policies.

Participated in architecture, design and implementation of back-end features using C++, C#, and Python.

Provided guidance and mentored less-experienced staff members.

Integrated third-party tools and components into applications.

Tested methodology with writing and execution of test plans, debugging and testing scripts and tools.

Collaborated with clients to define solution requirements.
