

## PROFESSIONAL SUMMARY

Highly skilled mobile security auditor with extensive experience in identifying and mitigating security vulnerabilities in mobile applications and devices. Proficient in conducting comprehensive security assessments, penetration testing, and code reviews to ensure compliance with industry standards such as OWASP and NIST. Adept at analyzing iOS and Android platforms, leveraging tools like Burp Suite, Frida, and MobSF to uncover threats and recommend robust solutions. Strong knowledge of secure coding practices, encryption protocols, and mobile threat landscapes. Collaborative team player with excellent communication skills, delivering actionable insights to stakeholders to enhance mobile security postures. Committed to staying ahead of emerging threats through continuous learning and certifications, including CEH and OSCP.

## EDUCATION

### Ebonyi State University Abakaliki

Bachelor's Degree in Computer Science  
2008 – 2013

### Google Cybersecurity Certificate, Coursera

Cybersecurity professional  
2023 – 2024

## SKILLS

- Mobile Application Security Testing
- Penetration Testing
- Code Review & Secure Coding
- Threat Modeling
- Encryption & Cryptography
- Reverse Engineering
- Compliance & Standards
- Communication & Reporting

## CERTIFICATIONS

- Certified Ethical Hacker (CEH)
- Offensive Security Certified Professional (OSCP)
- Ongoing professional development in mobile security trends.

## PROFESSIONAL EXPERIENCE

### System Administrator

Lombaz Swift Ltd | 2019 – Present
