Javid Soltani

Visual Development Artist

- I have more than 7 years of experiences to work as a visual artist for different companies and individuals.
- my recent cooporation in the block-chain field was at the Ethermon as visual artist to integration the visual identity "visual contents for the websites, illustrations, animated explainer gifs, game items, dev Ethermon's logo and etc " for at least two years.
- my main obligation as a visual designer at the Ethermon was to maintain visual consistency.
