

MUSEMBI NICHOLAS KINYILI

WORK EXPERIENCE

SOFTWARE DEVELOPER [Sanick / 2022 – Present]

I have been working under this company alias, which I started with fellow course mates back in campus. We develop websites and mobile applications remotely, offering ultimate solutions at fair prices. Additionally, we manage social media accounts and provide graphic design services.

ATTACHMENT [Tenri Group of Hospitals – Embu/ June to August 2022]

Worked as an IT Officer in an intern position, where I executed duties such as network administration, ICT support services, database management, hardware/software Configurations, system maintenance, network management, Marketing designs and website development.
