

# Kamran Danish

## Security Engineer

Email: Kamrandanish049@gmail.com | Phone: +93770844948 | Location: Kabul, Afghanistan

### Professional Summary

Experienced in the retail industry, I bring strong analytical and problem-solving skills acquired through over three years of cybersecurity experience, adept at evaluating risks and enhancing security measures. With a keen ability to collaborate across teams, I leverage technical expertise in threat modeling and incident response to maintain system integrity and reduce vulnerabilities.

### Work Experience

#### Cybersecurity Analyst

MTN | Kabul, Afghanistan

| June 2024 - December 2024

- Performed over 50 penetration tests and developed threat models, addressing system vulnerabilities.
- Assisted in designing and implementing secure systems within blockchain ecosystems, enhancing security by 30%.
- Developed and utilized advanced tools for auditing smart contracts, resulting in a 40% reduction in security breaches.

#### Security Engineer

MTN | Kabul, Afghanistan

| March 2023 - June 2024

- Designed and implemented comprehensive security architectures aligned with industry standards, achieving 95% compliance with governance requirements.
- Conducted risk assessments and vulnerability analyses, mitigating potential threats through encryption and firewalls, bolstering security by 20%.
- Collaborated with cross-functional teams to integrate security measures throughout the software lifecycle, reducing security incidents by 25%.

### Skills

Rust programming • Blockchain security • Threat modeling  
Incident response • Smart contract auditing

### Education

#### Bachelors

Kabul Polytechnic University, Kabul, Afghanistan

| 2024
