EMAIL - KUNALLAHIRI4@GMAIL.COM

OBJECTIVE

I am a Blockchain Developer equipped with a diverse and promising skill set. Well-versed in the application of Blockchain technology for both Public and Private chains.

Looking forward to solve real life problems with Web 3.0 and make a difference.

SKILLS

Front End-
Html/Css ,React Js, Java Script
Ether js,Web 3 Js
Infura, Alchemy, Quick Node

Env-
EVM ,IPFS

Back End-
Hard Hat, Solidity

IDE-
Git, Vs Code, Remix ID

EXPERIENCE

PROJECT MANAGER • YOUR FLOW PTY LTD • DATES FROM FEB 2022 - TO SEP 2022

Managing Budget estimation and deadlines with a team of more than 25 developers , managing projects and dealivery in due time is my forte.

SOFTWARE DEVELOPER • FREELANCE • DATES FROM JUNE 2018- TO FEB 2023

Making software solutions using technologies like React Js , Java Script, Mogo DB, Solidity for over a period of 5 years. Delivering smart solutions for client satisfaction is my only goal.

SR ENGINEER(PROJECTS) • CERATIZIT INDIA PVT LTD • DATES FROM APR 2013- TO JAN 2020

Working in the Instrumentation department , catering to hardware solution (industrial PLC) , working as a team lead on various occasions , following 6 sigma work ethics and providing technical know how , Attending MOM, Creating SLDs during the project period.

ENGINEER(PROJECTS) • EMAMI AGROTECH LTD • DATES FROM JAN 2011 - TO NOV 2011

Started as a Graduate engineer trainee , worked during the project tenure in the field of instrument calibration during the project tenure in a food tech plant.

EDUCATION

BACHELOR OF TECHNOLOGY • 2010 • HALDIA INSTITUTE OF TECHNOLOGY

B. Tech in Applied Electronics and Instrumentation Engineering, passed with a CGPA of 6.2/10.

I.S.C • 2006 • SALT LAKE POINT SCHOOL

Score – 82%

I.S.C • 2006 • SALT LAKE POINT SCHOOL

Score – 81%

PROJECTS & CERTIFICATIONS

1. Deploying a React D-app (DEX) using Ganache CLI and Ether Js
2. Betting Game Smart Contract – Solidity
3. Supply Chain Smart Contract – Solidity
4. Crowd Funding Smart Contract – Solidity

CERTIFICATIONS-

1. Specialization in Blockchain Technology at Buffalo University
2. Certified Ethereum Professional(C.E.P) from Crypto Currency Certification Consortium
3. Certified Solidity Developer
4. Certified Cloud Engineer Associate at Google Cloud Platform (GCP)
5. Certified Solutions Engineer at Web Services (AWS)
