NOVEMBER 2017-CURRENT

Writer Cyphex Code (Sept. 2020 - Jan. 2022)

I was a writer for Cyphex Code, an entrepreneurship project focused on creating content related to economics, video games, blockchain technology, and cryptocurrencies. My role involved producing articles on blockchain, cryptocurrencies, digital privacy, and music.

Writer Blockchain Academy (Aug. 2019 - Aug. 2020)

At Blockchain Academy, I contributed as a writer to create specialized content on blockchain and cryptocurrencies. My articles aimed to enhance the visibility of the platform and its services through informative and engaging content.

Writer Criptotendencias (Dec. 2019 - Mar. 2020)

As a writer at Criptotendencias, I focused on producing articles about blockchain and cryptocurrencies to increase the platform's visibility. My content catered to audiences interested in technology and finance.

Writer in other projects: Onix Project. **Own blogs:** Medium, Free2z, Vivaldianadas de un vivaldian. **Topics:** blockchain, cryptocurrencies and digital privacy.

Blockchain and Cryptocurrencies

SEPTEMBER 2017-CURRENT

Bitcoin Libre community moderator (May. 2022 - present)

As a Moderator of the Libre and Bitcoin Libre community I perform various activities: creating and sharing content about Bitcoin and Ordinals, moderating the community on Telegram and Discord, providing support, supporting the marketing team in their promotion and adoption strategies.

Zcash Ambassador (Mar. 2022 - Dec. 2023)

As Zcash Spanish community Ambassador I performed different activities as writer and translator, management in Telegram and Discord, management of the Zcash account in Spanish in X/Twitter and the blog in Medium/Free2z, publication of the monthly newsletter in Spanish, virtual meetups in Telegram, Discord and X Spaces and coordinator of the Zcash Global Ambassadors team.

Sense Chat community builder and ambassadors team coordinator (Sept. 2019 - May. 2022)

As community manager, I helped manage the community through various engagement strategies on Telegram and Sense Chat, moderating and supporting the marketing team to achieve adoption of the crypto Sense Chat messenger. I also led the ambassador team.

Other projects: Writer Criptotendencias, Academia Blockchain, andCodigo Cyphex; Dash Venezuela Instructor, Tutellus Ambassador, Community Builder Zingo, Co-host TONversando (YouTube), Co-host Zcash 360° (Twitter/X Spaces). **Diverse activities:** speaker in conferences, meetups, blogger, crypto community builder, ambassador.
