📇 PROFILE

I am a Senior Full-Stack developer with more than 5 years of working experience. Once you decide, I will make it real for you. Because of my breadth of experience, I believe that I could make you 100% satisfied.

My expertise spans over a vast range of services, which includes:
~~~~~~~~~~Web development.~~~~~~~~~~
- JS frameworks: Angular, React, Vue.js, Next.js, React-Native etc.
- PHP frameworks: Laravel, CodeIgniter etc.
- Python framework: Django.
- DB: MySQL, Oracle, MongoDB
~~~~~~~~~~Blockchain development~~~~~~~~~~
- ERC-20 Token | ERC-721 NFT Token , Solidity
- Web3.js | Ethers.js | JSON-RPC
- Ethereum, Binance, PancakeSwap, Solana Ecosystem
~~~~~~~~~Mobile development~~~~~~~~~
React Native, Flutter , Ionic

I have been exposed to a wide variety of technologies in my career and consider myself to be very adaptable.

I work to ensure that all my work is error-free, on-time, and done precisely to the client's expectations. I could work for 8 or more hours a day, 50 hours a week or even more if you want, as building projects for you is my hobby and pleasure. My clean code, excellent written and verbal communication skills, and dedication to completing tasks in a timely manner helps you stay on-track on on-budget.

Thanks for visiting my profile.
