Mohammed Shatla

Front End Web Developer

👤 Profile

Experienced Front-End Web Developer with a strong passion for creating visually appealing and user-friendly web applications. I have a Bachelor's degree in Computer Science and extensive knowledge in HTML5, CSS3, and JavaScript. I have completed multiple skill-based courses and received certificates in front-end web development. Additionally, I have successfully completed various projects in this field. I am highly motivated to excel in the programming industry and enjoy taking on challenging projects. My future goals include advancing my skills in software development and web development, as well as working collaboratively in a team to achieve excellence. I am a dedicated professional with a track record of academic success and a commitment to continuous learning and growth.
