Based in Iran | meysam.farhadiye@gmail.com

Skills

- Video editing (Premiere Pro, CapCut, DaVinci Resolve)
- AI-assisted storytelling (ChatGPT, RunwayML, Pika)
- Motion graphics and teaser production
- Branding & content for YouTube & social media
- Multilingual creativity (فارسی + English + Persian basics)

Recent Projects

1. مکانش هاگت سی (Istgah-e Shekam)

A cozy homemade food brand — I created a friendly, delicious-style video teaser for this business, combining food visuals with emotional voiceover and animation.

2. ن ش و ر ا ض ر د م ح ا ر گ ش ی آ (Ahmad Reza Roshan)

A luxury-style teaser for a premium men's barber in Isfahan. Emphasized masculinity, elegance, and customer prestige through cinematic edits and logo animation.

3. M.A ل ای رس (in progress)

A deeply emotional series project telling the story of a man's collapse and rebirth through a mysterious connection with an AI woman. I'm directing, scripting, and designing the teasers using both emotion and cutting-edge AI tools.

Career Goal

To build powerful visual stories that move hearts and connect brands with emotions — with daily progress on YouTube monetization and AI-powered storytelling.
