EXPERIENCE

Mixta Africa, Lagos Nigeria— *Project Manager*
May 2024 - PRESENT

- Managed multiple residential and commercial real estate projects, ensuring timely delivery.
- Coordinated with stakeholders to streamline project workflows, improving overall efficiency.
- Prepared project reports and assisted in budget management to track project progress and spending.

BeTechified, Lagos Nigeria— *Product Management*
July 2024 - Aug 2024

- Conducted market research and competitive analysis to identify customer needs, market gaps, and emerging trends, providing key insights for product strategy.
- Defined product vision and goals, aligning with stakeholder expectations and long-term business objectives.
- Created detailed product roadmaps, outlining features, timelines, and milestones to guide cross-functional teams.
- Developed user personas and use cases by gathering insights from customer interviews and feedback, ensuring the product addresses real-world problems.
- Prioritized features based on customer impact, technical feasibility, and business value, using frameworks like MoSCoW or RICE.
- Facilitated brainstorming sessions and workshops with designers and developers to generate innovative ideas and solutions for the product.

Excelerate, Remote— *Outreach Consultant (Business Development)*
April 2024 - May 2024

- Assisted in business development initiatives, identifying potential leads for collaboration.
- Spearheaded outreach campaigns to enhance brand awareness and improve client acquisition.
- Coordinated with the sales team to ensure smooth transition from outreach to business development.

CollegeMatch, Lagos Nigeria— *Frontend Developer*
July 2022 - May 2024

- I worked closely with stakeholders, including clients, designers, and project managers, to understand requirements, and ensure alignment throughout the development process.
- I implemented data integration techniques to fetch and display accurate information in the user interface, ensuring seamless data flow and real-time updates.
- I collaborated with UX designers to translate wireframes and design concepts

Buildmno, Lagos Nigeria— *Frontend Developer*

November 2022 - May 2024

- I was responsible for creating the user-facing portion of websites and web applications.
- I wrote code using languages like HTML, CSS, Material UI, JavaScript and React to bring designs to life.
- I made websites responsive, ensuring they adapted to different devices and screen sizes
- I collaborated closely with UI/UX designers to implement their designs and ensure consistency.
