PROFESSIONAL SUMMARY

Fast, engaging freelance writer with 6+ years of experience. I am skilled in crypto, NFT, blockchain, and Web3 content writing and have impeccable web research and SEO writing skills. I aim to educate people and keep them engaged in everything crypto through high-quality content.

EXPERIENCE

Upwork & Fiverr

My work experience began while working as a freelance writer across various freelance marketplaces like Fiverr, Upwork and others. Combined, I wrote over 1,000 high-quality content with satisfying clients on various topics within the cryptocurrency, NFT, VPN/Cybersecurity, finance, tech, and business space.

SwissBorg

DAO member, Content Writer

SwissBorg is a leading crypto asset investment platform that provides quality and digestive educational content for its investors. I worked with the content marketing team to provide insightful content on crypto topics.

Coinmonks

Regular contributor

Coinmonks is a non-profit Crypto Educational Publication that allows writers to publish their articles that meets quality assessment standards. I was invited by the Coinmonks' team to be one of their contributors.

ChangeNow.io

Freelance content writer

ChangeNOW.io is a non-custodial cryptocurrency exchange that allows crypto users to swap various cryptocurrencies for another or through fiat. I worked with the head of content as a freelance writer through Upwork.

Phemex

Freelance Crypto Writer

Phemex is a Singapore-based crypto exchange that specializes in spot and derivatives trading. I worked as a freelance writer to create some parts of the education blog content that could easily introduce newbies to the world of crypto.

Bitcoin Investment Info

Crypto Opinion Writer

The aim of Bitcoin Investment Info is to produce reliable content that will educate and guide Bitcoin and crypto investors in making informed decisions about their investment plans. That was why I came on board.

Everything Blockchain

Part-time NFT Content Writer

Everything Blockchain is a platform that aims to provide educative blog content on topics around NFT, cryptocurrency, and blockchain. As a part-time writer, I helped create blog articles that break complex subjects into an easily digestible content.

Gate.io

Gate.io Researcher, Internship

Gate.io is a popular crypto exchange platform that provides trade, investment, and digital wallet services. I worked as an intern. While with them, I wrote crypto news content that got published.

Community Moderator

✚ *LuxeMeta Blockchain NFT-gaming platform (Discord)*

Job Responsibility

- Being alert and responsive to chats.
- Keeping the community safe from potential spammers and phishers.
- Educating newcomers about how the platform works.
- Providing community feedback to the company.

✚ *Bingus crypto project (charity-based crypto (Telegram))*

Job Responsibility

- Worked as a volunteer moderator for up to a year.
- I interacted with the community, keeping members up-to-date with important news and information about the project.

- Helped keep the community clean by kicking out unsolicited bots and unrepented spammers.
- Posting relevant information on the group's pinned message board.
- Maintained constant community feedback with the team.
