### Profile

As a senior full-stack developer, I have rich experience with front-end and back-end for 10+ years. During the days, I have work without stop and I get best experience and success through my business. Performing planned tasks, high quality, fast speed, and real-time response, honesty are my default advantages. Coding is my love and my life.

### Professional Experience

- |                   |  |
|-------------------|--|
| 03/2022 – present | <b>Full Stack Developer</b><br><i>Self-Employed</i> <ul style="list-style-type: none"><li>• Built reusable components that can be used across multiple pages/features as well as built reusable libraries of functions or utilities that are commonly needed throughout the application.</li><li>• Experience with high-performance web delivery, cloud (AWS) and DevOps</li></ul>         |
