PROFILE
- **Web3 Developer** with expertise in **Blockchain**, **Smart Contracts** and **dApps**
- Blockchain Technology **Instructor**.
- Experienced **Fullstack** Developer and **Unity 3D Virtual Reality** Developer.
- Developed projects in Brazil, Australia, Costa Rica, (remote) USA, UK

WORK HISTORY

03/2022 – 12/2022
Web3 Developer
LIGHTSPEED Tech Development, Costa Rica
- Performed two main roles, Blockchain engineering and Unity 3D Virtual Reality developer.
- Architected and developed a Virtual Reality Crypto Casino prototype, succesfully guiding the company's future Metaverse view
- Developed Solidity Smart Contracts and NFTs, and connected the Oculus Quest VR experience to Ethereum Blockchain
- Programmed a React Distributed Application (DApp) for managment tasks

09/2021 – 02/2022
Blockchain Engineer.
INVERT Platform.
- Designed the Blockchain Infrastructure for INVERT Land Sales on Ethereum chain, linking NFTs to real lands in the Amazon forest.
- Coded and Deployed audited ERC-721 ERC-20 Solidity Smart Contracts and integrated client apps through Node APIs accessing AWS services and Dbs.

07/2021 – 12/2021
Blockchain Technology Instructor
Instituto Visao Amazonica
- Created Blockchain Technology and Smart Contracts Programming Courseware
- Instructed and motivated underprivileged communities students, mentoring new teachers and help opening professional paths in Amazonas, Brazil.

03/2013 – 12/2020
Fullstack Developer
Freelancer
-Implemented a wide range of remote projects, both Front End Development and Backend roles. Effective comunication and ability to solve problems creatively help me achieve over 90% satisfaction rate from clients, such as:
- M.I.T. Media Labs - Data Visualizations (D3.js)
- BairesDev - Fullstack Developer (Javascript, React. Node.js)
- Indexo Analytics - Fullstack SAP HANNA developer

03/2010 – 12/2021
IT INSTRUCTOR
FUCAPI, Dados, Kabum, Eurotec, DIVUS, Visao Amazonica
Trainned hundreds of students on Programming, 3D Modeling and Animation, Unity 3D , Web Design and Graphic tools.

EDUCATION

IT KNOWLEDGE
Self-Taught Sofware Engineer
- IT Knowledge acquired by self-learning, research, companies internal training and online courses
DIPLOMA of FILM AND TV PRODUCTION
Queensland School of Film and Television (Brisbane, Australia)
