WORK EXPERIENCE

Senior UI/UX Designer Comdex

06/2023 - Present

Remote Contractual

Comdex is an interchain DeFi infrastructure layer housing a suite of composable solutions on-chain. I worked on a diverse range of products within the Comdex ecosystem.

Achievements/Tasks

- Led the establishment and maintenance of a comprehensive design system.
- Conducted in-depth competitor analyses to identify trends & made design strategies to maintain a competitive edge.
- Established efficient design handoff processes, working closely with development teams.
- Stayed at the forefront of design research while staying attuned to emerging trends.

Contact : Siddarth Patil - siddarth@comdex.one

Freelancer UI/UX Designer Various Freelance Projects

06/2019 - Present

Worldwide

I have worked on a diverse range of projects, honing my skills and expanding my expertise. My ability to understand and analyze user needs, combined with my design skills, allows me to create effective and impactful digital experiences.

Achievements/Tasks

- Conducted user research and created personas to inform design decisions.
- Designed wireframes, prototypes, and high-fidelity mockups for web and mobile applications.
- Collaborated with cross-functional teams, including developers and project managers, to ensure seamless execution of designs.
- Developed and maintained design systems and style guides.

UI/UX Designer DesignAEZ Pvt. Ltd

06/2017 - 04/2019

India

They offer comprehensive design services to help clients create digital products that are user-friendly and visually appealing.

Achievements/Tasks

- Designed intuitive user flows and interfaces for complex web applications.
- Worked with product managers to prioritize design requirements and meet project deadlines.
- Collaborated with developers to ensure technical feasibility of designs.
- Conducted user research and analyzed data to inform design decisions.
