About Me

I was born and raised in Tehran. I'm a Civil Engineer, Trader and skilled freelancer based in Dubai, specializing in technical analysis of Forex & Crypto markets, data analysis, graphic design, translation, and cryptocurrency research. With expertise in financial markets and tools like Tradingview, Autocad, Microsoft Office, Canva, Photoshop, WordPress, Google Docs, and many other platforms. I deliver high-quality, timely results. Fluent in English, Persian, and Turkish, I excel in creating impactful trading signals and Technical Analysis, designs, accurate translations, and insightful reports. Let's bring your projects to life!!
