Description

👋 Welcome to my Resume! I'm Segun, a passionate and highly skilled Full Stack Developer with [4+ years] of experience in crafting digital solutions that blend innovation with functionality.

As a Full Stack Developer, I'm proficient in both front-end and back-end technologies, enabling me to build holistic and seamless web applications. From responsive user interfaces to robust server-side functionalities.

My tech stack includes a wide array of tools and languages, such as HTML, CSS, JavaScript, React, Node.js, Python, Django, SQL, Solidity and more. I'm well-versed in using frameworks and libraries that empower me to create efficient and dynamic web applications.
