PROFILE

Frontend React/TypeScript and Web3 Developer based in Paris, I am available immediately and open to relocation, for a fulltime position within an agile team.

SKILLS

Frontend: HTML | CSS | JavaScript | React | TypeScript | Responsive Design

Tools: Git & Github | Visual Studio Code | Chrome DevTools | Figma | ChatGPT

Learning: Next.js | Tailwind CSS | Solidity | Node.js | Express.js | API REST | MongoDB | PostgreSQL | Jest | Python

WORK EXPERIENCE

Frontend Developer, Scrimba,   06/2025 - 06/2025
Simulated project: Pizza Order System
  Tech Stack: TypeScript, custom types, utility types, generics
- Migration of JavaScript code to TypeScript to enhance code robustness.
- Definition of 8 custom types.
- Creation of 4 generic reusable functions, and targeted ES6 compilation.
- 90% data structure security.

React Developer, Kasa,   04/2025 - 05/2025
Simulated project: Property rental web application
  Tech Stack: React, React Router 7, SASS
- Creation of a React application with 4 dynamic pages and +12 modular components.
- Full integration of Figma models with SASS for pixel-perfect rendering.
- Implemented navigation via React Router and CSS animations for a fluid UX.
- Mobile friendly.

Frontend Developer, Sophie Bluel, Simulated project: 03/2025 - 04/2025
Dynamic website for an interior designer
  Tech Stack: JavaScript Vanilla, Fetch API, DOM
- Development in JavaScript.
- Dynamic content display via 3 API calls.
- Admin authentication and upload modal.
- Management of several user events and DOM manipulation.

Web Integrator, Booki,   02/2024 - 03/2024
Simulated project: Homepage for a travel agency
  Tech stack: HTML5, CSS3, Responsive Design, Git, GitHub
- Fully implemented a multi-screen Figma mockup (mobile, tablet, desktop).
- Built a responsive design fully aligned with UI specifications.
- Used Flexbox and Media Queries to ensure full adaptability across all screen sizes.
- Structured HTML with semantic tags for better accessibility and maintainability.
- Maintained version control with Git and GitHub.
