Svetlana Nesterova

Software Engineer
Gdańsk, Poland

Summary

Detail-oriented and dedicated Software Engineer with expertise in React, JavaScript, and Next.js, combined with a strong background in healthcare and design. A passionate problem-solver and hard worker, always eager to take on new challenges and deliver innovative, high-quality solutions.

Key Achievements

In team projects I took on the role of team leader, ensuring that all tasks were completed in full and on time. This effective leadership contributed to our team being recognized among the best.

Experience

The Rolling Scopes
School Student
(Position 17 / 388)

Education

The Rolling Scope School
Computer Programming · (September 2024)

Belarusian State Medical University
