

# Eseiwi Omorogbe

## Full-stack Software Developer

Phone: 2349868036444  
Address: 20 Iyamu street, Benin City, Edo state. Nigeria.  
Email: [esewi.omorogbe@gmail.com](mailto:esewi.omorogbe@gmail.com)

I'm a Full Stack Software Developer, my stacks are:

Backend: Php/Laravel, Node.js.

Frontend: Vues, Flutter, React(Native).

With more than Four (4) years professional experience in building software and web solutions using various technologies. I also have relative experiences working with Shell, Aws Lamda, Docker, Cloud computing, Sql and NoSql Database technologies amongst others. I'm dedicated, focused, passionate about effective work delivery and impacting using technology.

### Experience

#### Ifocon Institute of Technology

2014 - 2015

##### Computer Engineer

I used my technical abilities to help the establishment achieve its day-to-day duties to its clients by maintaining the establishment's hardware and software, as well as its internet access. I also received valuable expertise performing a variety of responsibilities.

#### InziderX

2018 - 2021

##### Web Application developer

Worked as a lead Developer and Team member for INX, where we developed Blockchain solutions and focus on how Blockchain technology can change the way things are done by improving on it. Decentralization was our concern as we followed a roadmap towards creating a truly decentralized exchange with lightning technology and atomic coupled with advance features.

#### GreenPoint Technology

2019 - PRESENT

##### CTO & Senior Software Developer

Responsible for managing teams of developers, from frontend to backend engineers, DevOps, Designers etc. I make sure that software development maintains industry standards and security by improving codes, writing codes and providing information where needed. I am also part of the build process and build softwares for the company.

### Education

#### University of Benin, Edo State, Nigeria.

NOVEMBER 2016 - JULY 2021

## Bsc. Banking and Finance

Obtained my first degree in Banking and finance from the prestigious University of Benin, Nigeria.
