

Gleb
Web 3 Front End Engineer

About

Hey, I'm Gleb, performance-oriented Web developer with over 3 years in experience. In love with Frontend and Crypto. A core team member of several DeFi protocols collectively managing over \$15 million in TVL. Designed AI-driven solutions for market research which have attracted over 30,000 newsletter subscribers. Creator of multiple Telegram Mini Apps in web3 space.

Preferred and optimal stack to work with:

- Next.js | React.js
- TypeScript
- Tailwind + Shadcn UI
- Git
