Professional Summary

Passionate and proactive Web3 enthusiast driven by a deep interest in blockchain technology, decentralized applications, and community building. Skilled in managing and moderating online communities across platforms like Discord and Telegram, creating and scheduling engaging content for social media, and supporting community members with accurate and friendly communication. Capable of adapting quickly in dynamic environments, collaborating with diverse teams, and contributing to project growth through strategic online engagement. Keen to build a career in Web3 by helping innovative projects grow and maintain healthy, thriving communities.

Skills

- Community engagement and support across social platforms

- Discord and Telegram community moderation and bot handling

- Content creation, curation, and publishing for social media

- Understanding of Web3, blockchain, and NFT ecosystems

- Basic analytics tracking (social media performance, engagement)

- Tool proficiency: Notion, Canva, Google Workspace, Twitter/X tools

Experience

Freelance Community Moderator (Volunteer)

Participated in several Web3 and NFT community servers to provide support, answer questions, and maintain a positive environment.

Contributed to community health by actively moderating discussions, removing spam or harmful content, and resolving disputes fairly.

Worked with team members to plan small campaigns, organize online events, and support new member onboarding.

Helped build community momentum through organic raiding, meme distribution, and engagement-based growth.
