EDUCATION

(M.SC) IN COMPUTER
SOFTWARE ENGINEERING
Islamic Azad University
Arak, Sept 2017 - (GPA: 18.27/20)

(B.SC) IN COMPUTER
SOFTWARE ENGINEERING
Islamic Azad University
Arak, Feb 2015 - (GPA: 13.79/20)

SKILLS

- Python | Django | Django DRF
- PostgreSQL | MySQL | Redis
- OOP | SOLID | Design Pattern
- Docker | Docker Compose
- HTML5 | CSS3 | Bootstrap
- JavaScript | jQuery
- GNU / Linux
- Git
- PHP | WordPress

PROFILE

I received B.Sc and M.Sc levels in the Software Engineering field. Since the early starting academic lessons, I attempted to make links with real challenges, which put me in the right way to widen my knowledge and skills in such common technologies in the world of programming. During years of working in those fields, I gained a well-rounded insight into the working areas. As an adventurous engineer, I researched in a cutting-edge field in my M.Sc level titled: 'designing and programming of a software platform based on the Internet of Things (IoT)' to develop skills in relevant technologies and platforms.
