Passionate Full-stack engineer with over 5+ years experience in software development with Blockchain experience. Highly skilled with expertise in smart contract development, DeFi protocols and NFT marketplace. Proficient in various platforms, languages, and embedded systems. Experienced with the latest cutting-edge development tools and procedures.

PROFESSIONAL EXPERIENCE

Blockchain Developer

SnipTop | August 2022 - May 2023

- Developed and deployed smart contracts for various projects using Solidity and Ethereum.
- Collaborated with cross-functional teams to design and implement NFT marketplace platforms.
- Created and integrated NFT game mechanics into blockchain-based gaming applications.

Blockchain Front-end Developer

Yoda Coin Swap | April 2021 - December 2022

- Conducted reviews and implemented best practices for secure and efficient smart contract development.
- Assisted in the development of decentralized finance (DeFi) applications and protocols.

Senior Front-end Developer

Sanity.io | June 2019 - March 2021

- Maintained the front-end in use of customer's requirements.
- As a senior, mentored new developers and had coaching sessions for them.
- Collaborated with product team members to implement new feature developments.

Software Developer

| April 2018 - May 2019

- Assisted in the development and testing of blockchain-based applications.
- Collaborated with senior developers to implement smart contracts and integrate blockchain technology into existing systems.
- Conducted research on emerging blockchain trends and technologies.

CERTIFICATIONS

Certified Blockchain Developer

(Blockchain Training Alliance) | August 2021

Professional Front End Developer

(Magento) | August 2019

INTERESTS

Music, Running, Swimming

EDUCATION

Bachelor's Degree in Computer science

Kyoto University at Kyoto, Japan | April 2014 - March 2018

- Enrolled in Kyoto University in April 2014 to pursue a Bachelor's degree in Computer Science.
- Completed coursework in web development, user interface design, data structures and algorithms, software engineering, and human-computer interaction.
- Gained hands-on experience in front-end development through various projects and assignments.
- Graduated in 2018 with a Bachelor of Engineering degree in Computer Science.
