

HUSSAINI MUHAMMED

COMMUNITY MODERATOR

With over three years of experience as a Community Moderator, I've developed and nurtured online communities, amassing over 100K members across these communities. My strategic interventions in conflict resolution have resulted in a 30% decrease in member disputes. My innovative approach to community interaction has fostered a 40% increase in substantive discussions and a 25% rise in overall community engagement. With a strong academic foundation in Computer Science and a track record of effective digital community management, I'm committed to bringing my expertise to enhance your project's community dynamics.
