## About Me

Hi, I'm Oleksii-Luzhanskyi, a passionate Full Stack Web and Blockchain developer from Ukraine. My passion for software lies with dreaming up ideas and making them come true with elegant interfaces. I take great care in the experience, architecture, and code quality of the things I build. I am also an open-source enthusiast and maintainer. I learned a lot from the open-source community and I love how collaboration and knowledge sharing happened through open-source.
