1. Why we should get you as Axie Infinity Scholar?

- I am persistent in grinding, especially if it has a quest, I spend more time playing because I don't have anything else to do and I need this scholarship to help my family and our daily needs.

2. What qualities you can bring in to the group?

- Good communication towards other scholars and managers. Open-minded to the learnings that can help me improve my playing in Axie Infinity. I am responsible and I have a positive attitude that you will not have a problem or issue.
