-

Professional Experien

Freelance Web3 Community Moderator & Project Advisor

Remote | Jan 2021 – Present

Projects Moderated:

🏠 \$OINK | 📊 \$GMXP | 🐾 \$PITS | 🐶 \$dogwifscarf | 🏦 \$UFC

Edit with WPS Office

- Moderated and scaled engaged communities across Discord, Telegram, and X for five high-growth blockchain projects.
 - Provided 24/7 support to community members, helping them navigate dApps, token utilities, wallets, and platforms.
 - Collaborated with project developers to suggest community-centric strategies including AMAs, events, content drops, and ambassador programs.
 - Authored user tutorials, and community guides to reduce repetitive queries and enhance user education.
 - Ensured the safety and positivity of groups through strict but respectful moderation, handling FUD, spam, and conflict resolution professionally.
 - Acted as liaison between users and developers during beta product rollouts, relaying key feedback and bug reports efficiently.
-

Project Highlights

- **\$OINK:** Led a meme campaign that boosted engagement by 120% within 30 days.
 - **\$GMXP:** Introduced a structured onboarding process that reduced new user drop-off by 35%.
 - **\$UFC Token:** Assisted in community beta testing, streamlined feedback collection and improved dev-user feedback loop.
 - **\$PITS:** Spearheaded a community quiz campaign that increased Telegram group engagement by 65% in 3 weeks.
 - **\$dogwifscarf:** Organized and led the "ScarfDrop" campaign, boosting Twitter followers by 20% and Discord membership by 30% within 10 days.
-

Technical Skills

- **Tools:** Discord, Telegram, Slack.
 - **Support Platforms:** Zendesk, Intercom, Freshdesk
 - **Blockchain Tools:** MetaMask, Trust Wallet, OpenSea, Solana/ETH Ecosystems
 - **Social:** X (formerly Twitter), Telegram, Discord
-
