

## **STEPS IN WRITING JIMINY CRICKETS SELF HELP BOOK**

**SINCE YOU HAVE THE OUTLINES, I WILL GO THROUGH IT AND MAKE IT MORE FIT FOR THE TOPIC AND BOOK.**

**I WILL STRUCTURE THE SELF HELP BOOK.**

- 1. Break it into two or more parts with explanatory titles.**
- 2. Use chapter titles that clearly address the subject matter in each.**
- 3. Use descriptive subheads that break each chapter down into relevant, digestible subtopics.**
- 4. Summarize each chapter or section with bullet-point takeaways.**
- 5. Add relevant visuals to instruct, clarify, or entertain.**

### **STEPS INCLUDES:**

- 1. Brainstorm your book idea.**
- 2. An outline gives your book the structure it needs to flow and make sense. Writing from an outline helps you avoid straying from the points you want to make. It keeps you on task and makes it more likely that you'll keep your book's promise to your reader.**
- 3. Start a story; Stories take impersonal facts and humanize them, making it more likely that your reader will remember them and internalize your message.**
- 4. Have a conversation with your ideal reader. Be authentic as well as kind and considerate. Put myself in their place and use an approach that would make them trust the author.**

**This is a drafted version of the way I am going to help you in writing your self help book. Either in a developmental and motivative way likewise like a SELF THERAPY.**
