AMIRHOSSEIN TARNIAN

UI/UX & Graphic Designer

ABOUT ME

Hello, I am Amir Hossein Tarnian, a graphic designer and user interface designer with about fifteen years of experience in this field, specializing in the field of web and application user interface design, as well as in the field of branding and visual identity of logos, poster and catalog design, packaging... .Has several years of experience in private companies in Iran and outside Iran as a full-time and project-based art director and user interface designer. and user experience and familiarity with the field of graphics and printing (about six years), after studying in associate and bachelor's courses, I started working as a freelancer to gain experience and new challenges, and now I am on the threshold of eight years of freelance experience. In recent years, I was able to successfully complete many big and small projects and challenges with the full satisfaction of my employers and gain a lot of different experiences.

Kowsarmedical

The company was first founded by Seyyed M. Miri and Seyyed-M Alavian as an editorial group in a Medical Institute in 2007 to publish its medical journal. After three years of experience, the number of journals increased to 5 journals, and the company launched its first form of business as a VOF (collaboration) professional STM company in Heerlen, the Netherlands, which was called "Kowsarmedical Publishing." Respecting the publishing services (from submission to publishing), especially an in-house "Journal Management System," our journals increased to more than 60 STM journals between 2010 and 2019. Since 2022, "Brieflands" is the new brand name that acts as a "Science, Technical, Medical Publisher" that publishes more than 50 journals with the services provided by 97 expert employees in three different branches.
