Summary

My name is Tamzid. I am a digital marketer & Web Designer. I have been working in this field for the past 5 years. I have a great passion for digital marketing and web design and I love to help businesses reach their goals through effective online strategies. My work involves creating, managing and optimizing digital campaigns, web development, social media optimization and search engine optimization. I also help businesses create and maintain relationships with their customers through digital channels. I am always looking for opportunities to learn and grow in my field.
