

# The Global Entertainment Industry Network

Designed and created by industry professionals for industry professionals

## About Us

The entertainment industry is built on shared knowledge, experiences and interests. Cast 2 Crew is the place where new pathways can be forged, existing careers can thrive, and an entire community can help create together. Our mission is to help anyone that thinks big and to achieve ambitious goals. We provide a platform for the industry known professionals as well as lesser known creative artists to showcase their talents & gain exposure. This allows users to discover new performers and professionals that they may not have been aware of before.

Cast 2 Crew allows users to search for members by industry, profession, location and other criteria such as appearance and skillset. Our platform provides a high level of credibility for its members by showcasing their profiles enhancing their professional reputation within their industry. Our platform is a valuable resource for film makers, content creators, event managers and marketers in need of any Cast 2 Crew member for their events, projects or productions. We make it incredibly easy for users & our members to discover new artists, performers and professionals on our platform.
