BACKSTORY

The worlds before man hosted an array of fantastical creatures beyond our comprehension. Planet earth was the link between these CycloWorlds where all creatures lived in harmony.

The 4 guardians of the CycloVerse closed all portals to protect their own kind as the worlds plunged into chaos and planet earth was thrown into disarray.

What's on the other side? The CycloVerse is a series of 4 projects encompassing what we believe as the 4 Core Value to create an avenue for change.
