from PR and Project
manager

who found
help in a
crisis situation

I keep looking for projects relevant to my skills and values that present exciting opportunities to my career path

read this storytelling about why I am a super PR and project manager

**briefly about my crisis situation you can read on my page*

click and tap

click and tap

Based on the story and my hard skills I offer the following job

PR

Research and expert opinions; Set clear objectives; Identify target customers; PR strategy; Creative thinking; Original content planning; Media relations; Organize events to capture attention; Results measurements; Long-term client and partner relationships; Brand reputation management; Leverage Influencers; Engage with Bloggers; Industry/B2B/collaborations events; Establish an online presence

Project

Strategic planning; Critical thinking; Time management; SWOT and KPI analytics; Business communication; Resource management; Risk management; Crisis management; Team leading management; Tools and progs; I can easily learn a lot more in the process of work.

Special thanks to
the designer and
artist of my awesome
(3)D wallpaper for this
amazing work
