

TOP 6 MUST HAVE BEAUTY PRODUCTS FOR A PERFECT MAKEOVER

When we talk about makeup, we always wonder that its going to cost us much more than what we expect it to be. But the answer is no, because if you choose the right product it's going to cost you less than spending money selecting and purchasing hundreds of different makeup items individually with a vague mind.

Here are the six must have makeup products that every woman should possess for that perfect flawless makeup look.

1. Foundation base:

The base must be selected in accordance to your skin tone and skin type. If you have a medium to oily skin type Loreal Paris Infallible foundation is the best to go with, meanwhile Maybelline Fit me foundation and Maybelline 24 hours super stay foundation works best for dry skin to combination skin type. Serum foundations works best for dry skin types.

2. The go to mascara and eyeliner:

When it comes to formal or casual events, an eyeliner and mascara works the best to pop up the whole look. The right choice of both products will enhance the makeup look the most. If you're a beginner go with a pencil liner to get those perfect lines, however gel and liquid eyeliners goes the best with pro makeup appliers. Some of the best eyeliners are NYX makeup brands, Maybelline and of urban decay. On the other side mascaras make the appearance of eyes even more beautiful, brands like Maybelline, too faced, benefit cosmetics have got some of the best-selling mascaras worldwide.

3. Selecting the right shade lip color:

When it comes to lip shades, we got plenty of them available in the market, all with different shades and textures some are matt some are glossy etc. it gets confusing where to get the right shade from. So, it is much convenient to get yourself a lip shade palette to save your time and energy thinking over buying hundreds of lip shades individually. Just get yourself a single palette then mix and match it with the style you have got. Some of the trendiest lip palettes are of MAC cosmetics, Maybelline, MAKEUP BY MARIO, NARS etc. The shades and hues of red and the nude goes best for any event.

4. The bronzer:

Believe it or not, bronzer is a savior when it comes to do a perfect makeup look. it can be used for contouring the areas of your face as well as to give a flash on your cheeks. A glittery bronzer works best for formal events whereas a matt goes best as a contour. It provides that glow touch to the skin making the face look brighter and fresher. Bronzer is important to give a natural touch to the skin to avoid cakey look if caused by foundation. The right quantity of bronzer will do magic on the face. Cream bronzers are good for dry skins meanwhile powdered ones goes best with oily skin types. Some of the best bronzer producing brands are Too faced, Tarte, Nars etc.

5. Eyeshade palette:

In a huge market, where many people get a variety of products to select from lies confusion. Confusion what to purchase and why? For a must have makeup look, a nude eyeshadow palette goes along well. Huda beauty nude eyeshadow palette, Dior, Naked, Urban decay palettes are the mostly preferred by beauticians and makeup bloggers to create perfect eyes.

6. Makeup fixing products:

Whenever you finish your whole makeup, you'd always wish for the makeup to stay for as long as it can. To fix the makeup look many fixers are available, from fixing powders to fixing sprays all do the same work. They keep the makeup from getting off. But it is very hard to select for your skin type either a powder or a spray. So, simply if you want a heavy matt look go for a powdered fixer or a translucent powder and if u want to keep it lighter or your someone with a dry skin type then a makeup spray would go best for it. Brands like Maybelline, MAC, loreal have some of the widely ranked fixers available.

These mentioned beauty products are a must have for any girl or women who is stepping into the world of makeup zone but by making the right choices.
