Video Angle	115° /90° /78°
Focus Type	Fixed
Auto Control	Low illumination compensation , White balance , Exposure, Gain
Audio	Built-in Dual Microphone
Voice Distance	5 Meter
Interface	USB-C to USB A
System Compatibility	Windows 7 or above macOS 10.10 or above
Product Size	115.2*W*26.9*H 53 mm
Product Weight	153 g

2K QHD with Stereo Microphone

- The precision-engineered 1.2X optics camera provides you crystal clear 1 2K High-Definition video and built-in dual microphones with noise reduction technology to accurately capturing quality audio signals from speakers

Wide Angle/Adjustable FOV

- The more you see, the more you can create. Our Camera features an ultra-wide-angle lens, that provides you with three options: 115 ° 90° 78° Field of view which means it will capture more of your surroundings if you choose to.

Plug and Play

With USB 2.0 plug-and-play connectivity, there is no complicated driver installation, just plug the webcam into a computer and you're all set.

Fixed Focus

- Always clear images, get rid of tedious focusing process.

TYPE C CABLE

- Pluggable cable to use or collect easily.
