CODEzeros

Corporate Presentation
Index

About our company

There is a lot that is being said about blockchain but not much done. We are here to change that.

Codezeros is the only emerging tech company that pioneers complete blockchain based solutions.

Our vision is to be at the forefront of the next technological revolution.

In blockchain, we trust

Blockchain is not transformation. It is updation. It is a technology that will change the way we trust. This technology is like a moderately grown tree that  sprouted from an unplanned seed called bitcoin. For

this tree to grow, it needs good farmers- blockchain engineers and developers, nutrients like good  design, and use of the latest technology. 

Our Offerings

If you search the internet right now for blockchain services, you would get a few scattered links pertaining to randomly jargonated blogs.

We regularly define our scope of work and given the industry we are in, our engineers strive to update our tech stack. They are proactive enough to update our sales and marketing teams as well.

idity is given the
ave Fresher
gains that set
ing!

More trust.
More security.
Safer investments.

2020 was the year of DeFi. Uniswap and Ethereum.
Hundred's of innovative Decentralised Financial products
launched on Ethereum and with that brought new words into
the crypto vernacular- liquidity pools, rugs and DEX.

The pace of innovation is very quick in DeFi and solutions to
problems around token sales, liquidity and locking of
liquidity came quick and fast. But these were all focused
upon Ethereum and Uniswap.

The Coolest Sales Platform

With The Fridge, we ensure that liquidity is given the
Deep Freeze, that investors have Fresher
investments, and it's only your gains that set
'temperatures rising'!

Fridge's native token, SFRIDGE, will have
exclusive access to token sales on the platform
for the first 2 hours from listing.

Early Access
Holders of more than 2000 SFRIDGE will have
exclusive access to token sales on the platform
for the first 2 hours from listing.

Value Threshold
Project owners will have to purchase a particular
amount of SFRIDGE to be eligible for a particular
token sale.
